

ARVIA MINI STUDIO

Smart Livestream All-In-One Device

Key Features

Multi-Platform
Broadcasting Apps

4K 10Bit Camera

Octa-core Processor

Green Screen LIVE

Rotatable & Detachable

Prompter Board

8K Video Playback

Live Podcast

Offering multi-platform live broadcasts in 4K, this device vividly showcases every fabric detail during live clothing sales.

Group Meeting

Designed for versatility, it enables multi-platform live broadcasting, making group meetings more accessible and dynamic.

Live Cooking

Ideal for chefs and food lovers, Arvia enhances culinary content with flawless live broadcasts and recordings, making every dish shine across platforms.

Clothing Sales

Offering multi-platform live broadcasts, this device shines in 4K clarity during live clothing sales, ensuring every fabric detail is vividly showcased.

Green Screen

Enhance live broadcasts with advanced green screen tech. Ideal for content creators, achieve seamless backdrop integration for standout presentations.

High Definition Screen, Every Detail Can Be Seen Clearly

Equipped with high-definition LCD panel, the live broadcast picture has more distinct levels, brightness and clarity have been comprehensively improved, and the live broadcast details are more prominent; Up to 10 touch points for smoother operation

1920x1080
Resolution

100% sRGB
Gamut coverage

15.6"
Screen size

10
Multi touch

Powerful Inner Core Can Withstand Peak Speed

Heimao live broadcast machine uses Rockchip's brand-new flagship AIoT chip RK3588 and adopts 8nmLP process; Equipped with 8-core 64 bit CPU, the main frequency is up to 2.4GHz; Integrated ARM Mali-G510MP4 quad core GPU, built-in A accelerator NPU, can provide 6TOPs computing power, provide AI beauty, AI body, and AI image enhancement for live broadcast, and greatly improve the live broadcast effect

8 Core CPU **8nm** Manufacturing process **6TOPs** AI computing power **2.4GHz** Main frequency **8K Ultraclear** Video quality

CPU 8-core A76+A55, main frequency 2.4GHz

GPU quad core Mali-G510

Rich Interfaces To Meet Different Live Broadcast Requirements

Heimao live broadcast machine is equipped with more abundant peripheral interfaces, including external digital cameras, USB cameras, microphones, professional sound cards, monitoring headphones, etc., to meet more live broadcast needs

Enthusiast DSP chip

Intelligent Noise Reduction
Eliminate environmental noise

Stereo Sound Effect
Lossless Transmission

12 Gear Fine Reverberation adjustment

3 Section EQ
Vocal equalization

Funny Sound Effects

Interesting Inflection

Adjustment Control Panel

Interface

Processor Octa-core A76+A55, 2.4Ghz

Graphic (GPU) Quad-core Mali-G610

Operating System (OS) Android

Screen Resolution/Size 1920x1080/15.6 Inch

Color Gamut Coverage

100% sRGB

Field Of View

88°

Playback Resolution

Up to 8K UHD

Camera Sensor

4K UHD

Systems

Battery Capacity 4000 mAh

Connection Wifi 6, IEEE802.11 ax

Bluetooth Yes, 5.2

HDMI In/Out 4K 2160p 60hz / 8K 4320p 60hz

Touch Point

10-Multi Touch Point

Ports

2x USB 2.0, 2x USB 3.1
1x Type C, 1x Power Port
2x 3.5mm Audio Input
2x 3.5mm Audio Output
1x 2.5G Network Port

Israk Solutions Sdn. Bhd (1289622-T)
